you may be
a med student
and me
a dental hygienist
or a grad student
believe it or not
we do have
things in common

we're people
we relate
in one way
or another

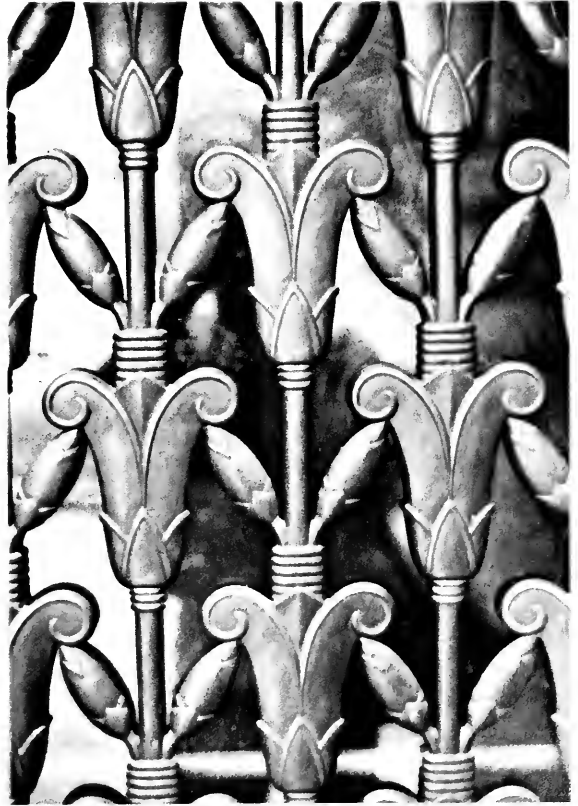

we laugh
we cry
we bitch
and play

we go to
a school
named mcv
(alias vcu)
our days
are never
long enough
and god
knows

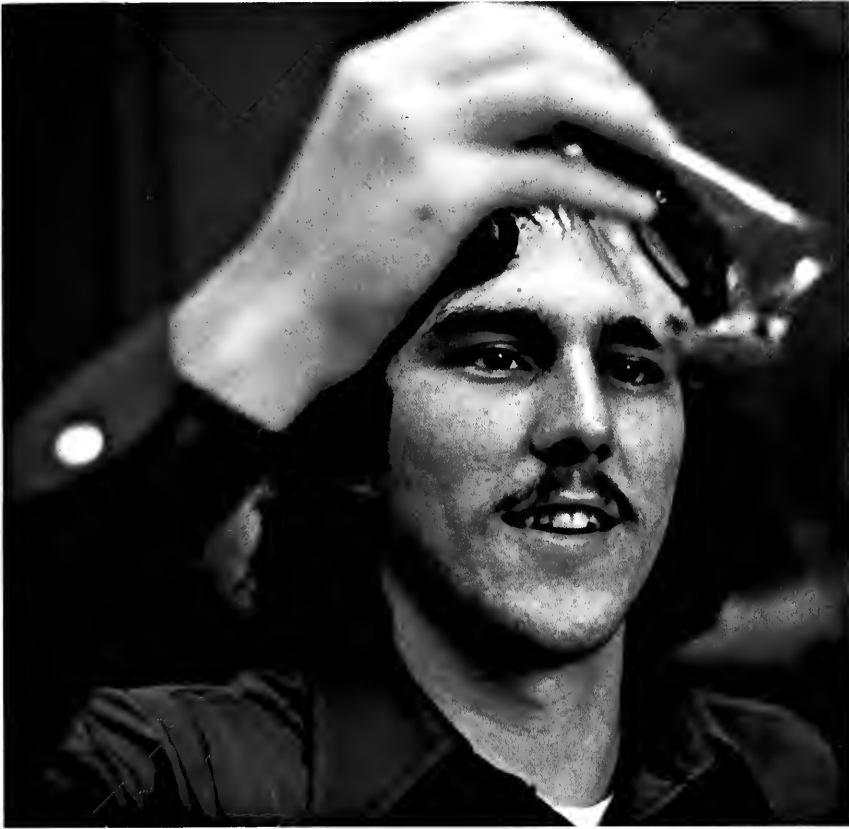

we cram . . .
. . . and cram

books can't teach us
everything
we learn by doing

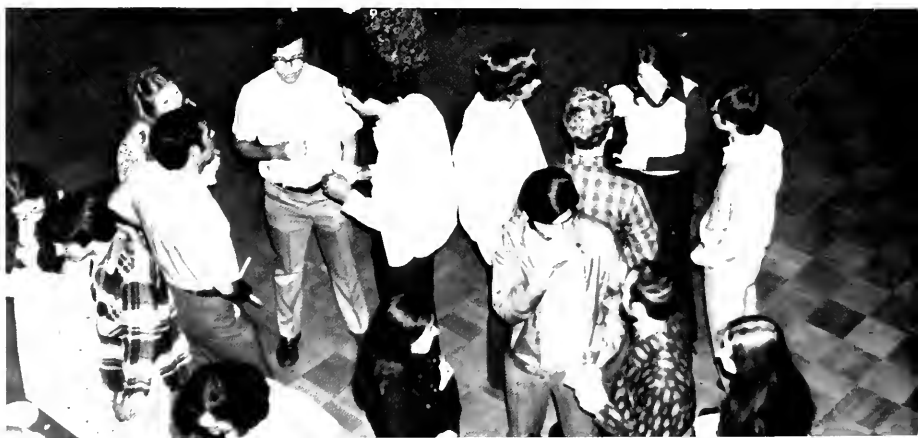

health care for people
FOR PEOPLE
that's WHY we're here

just open your eyes
and realize
working together
that's where it's at

NOTICE!

A Reward of \$500.00

is offered for the arrest of

Dick Hester

DEAD OR ALIVE!

This Keith Tenth Barral is a Rip roaring menace to public safety. And the Community will be rid of him.

He is known to keep bad company. He letter in saloons and bars till morning in order. Each day. Trusting small children. And is likely to be found at a police station or other law enforcing agency if they are not careful.

DO NOT CREDIT THIS MAN

He is a warrior and a peacemaker.

He should be easy to recognize for he is 5'8", a thickset man with a white beard. He is metacarpus in the crown. He is daily seen when not around. He is further about the character. He is a hard working man. He is a man of a narrow complexion. He sometimes wears a jacket. He has a friendly eye. He regularly carries a stick. He is a man of the future. He is a man of the future.

HE IS WANTED

By at least two of his wives and various other throughout the region. He will be back to report this man at once.

A high-contrast, grainy black and white photograph of a person's legs, likely wearing jeans, with the 'ADS' logo in the bottom right corner. The image is heavily textured and appears to be a scan of a printed page. The lighting is dramatic, highlighting the contours of the legs and the texture of the fabric. The 'ADS' logo is a stylized, serif font in white, positioned in the lower right quadrant of the image.

THINGS HAVE GOT TO GET BETTER

Margaret Varela — Co-editor

Bob Burrell — Ad Editor

for What It's Worth

In the production of this book, I have become a firm believer in Murphy's Law - 'Anything that can possibly go wrong, will' - and it did. But despite the workings of Murphy's Law, the apathy of the silent majority, and the criticisms of an outspoken few; the 1975 X-Ray somehow is finished. I hope it's not the last.

I would like to thank the few people that helped to make this book possible:

Richard Griffith, Peter van Sickles, and Carol Herwig for their contributions to photography
Chuck Baker for his help with the "ins and outs" although I wish we'd had a better "out"
Sandy Norris and Kathy Rose for their help with the underclass mug shots
Mrs. Lena Perkins and Dean Franklin Bacon for their help finding out "who's who" and "what's where"

A very special thanks to:

Karl Flora - not only for his photographic contributions but for his moral support and ability to laugh when the going got rough

To all the people at Western Yearbook (Dave - you'll get your beer.)

I hope you will take the time to look at this book carefully and see it for what it is - a book reflecting a university made of diverse people who have in common the things they do everyday and the final goal they hope to attain.

Sincerely,

Karyn G. Worrell

PS. I couldn't have written it any better.
